

Cryptool Cookie Usage Policy

Please note that this privacy statement will be updated periodically.

At Cryptool, we use cookies and similar tools on our website to make your experience better and to offer you personalized services. By visiting our site, you agree to let us place cookies on your device, including your phone or tablet, based on the settings you choose in our cookie setting center. Here's a clear explanation of how we use cookies and how they affect your browsing:

1. What Are Cookies?

Cookies are small text files that are stored on your device when you visit a website. They enable the website to recognize your device and store information about your visit, preferences, and interactions. Cookies are categorized into two types: first-party cookies, managed by Cryptool, and third-party cookies, from external parties.

2. Why Do We Use Cookies?

Cookies serve various purposes, including:

- Enhancing website functionality and navigation efficiency.
- Remembering user preferences and settings.
- Improving the relevance of advertisements displayed.
- Analyzing user behavior to optimize site performance.

3. Marketing and Analytics

We may utilize information collected from cookies for marketing and analytics purposes, such as tailoring content and offers based on user profiles. This data may also be used to associate cookie information with identifiable individuals.

4. Third-Party Cookies

Some cookies used on our site are from third-party companies, providing us with web analytics and intelligence to enhance our services and target ads effectively.

5. Cookie Preferences

You have the option to customize your cookie preferences through our cookie setting center. Additionally, you can manage existing cookies and block future ones via your browser settings. However, please note that deleting or blocking cookies may impact your browsing experience on our site.

6. Types of Cookies Used

We categorize the cookies used on Cryptool sites as follows:

1. **Strictly Necessary Cookies:** Essential for website functionality, these cookies cannot be disabled and do not store personally identifiable information.
2. **Performance Cookies:** Enable us to measure and improve site performance by tracking visits and traffic sources. All data collected is aggregated and anonymous.
3. **Functionality Cookies:** Enhance website functionality and personalization. Disabling these cookies may affect certain services.
4. **Targeting Cookies:** Used by advertising partners to build user profiles based on browsing information. Disabling these cookies may result in generic advertising.

For further inquiries or assistance, please contact our support team via the provided Webform or email during your visit.

We appreciate your understanding and cooperation regarding our cookie usage policy.
