## Ambassador Tiers

Welcome to our Ambassador Program! As you onboard new users, you'll climb through our prestigious Ambassador tiers, unlocking greater rewards and recognition at each level.

Here's an overview of our Ambassador Tiers

Referral Bonus					
Ambassador Tier	Associate	Consultant	Senior	Specialist	Executive
Users Referrals (#)	5	25	100	500	2,500+
Ambassador Referral Bonus *	+5%	+10%	+15%	+25%	+50%
Subscription Referral (10%) **					
Subscription Referral Bonus *					+50%

\* When you have a referral earning term of 10% and there's a 50% bonus, you calculate the reduction based on the original fee. Here's how you can calculate it:

- Start with the original earning term: 10%,
- Apply the percentage bonus: 50% of 10% is  $0.5 \times 10\% = 5\%$ ,
- Add the bonus to the original earning term:  $10\% + 5\% = 15\%$

So, in this case, a 10% earning terms with a 50% bonus results in a final term of 15%.

\*\* The provided percentage represents the earnings percentage over the total subscription fees paid by Users you have referred.

Commission refers to the percentage of the total platform fee received as compensation for referrals. For example, referrers earn a percentage of the platform fee for each successful transaction completed by their referrals. This percentage varies depending on your current Ambassador Tier, Staking Tier, and/or the specific agreement between the platform and the referrer.
